AI APOCALYPSE WATCH: Trillions Vanish, Panic Spreads, and the Machines Now Grade Themselves

The sirens are sounding across the AI world. DW News asks whether trillions were lost as investors question the boom, and its video has 1,653,296 views. Sasha Yanshin's "The AI Panic Has Started" has 529,382 views, and rumors about an Anthropic "RSI Breakthrough?!" circulate on titles alone, with nothing confirmed. Meanwhile iFixAi promises an agent audit in under 120 seconds that the agent can run on itself, and OpenRouter's Auto Router and Auto Code now pick the model behind the work. Money is shaking, fear is rising and the checks are being handed to the machines, so who is still holding the wheel? Only the truth.
